

7th ICAMM 2023

ICAMM focuses on advanced manufacturing and materials research. It aims to facilitate the exchange of scholars on the application of advanced manufacturing and materials in the fields of multi-scale, multidisciplinary methods, chemistry and chemical engineering fundamentals. It is a technical gathering to showcase and discuss the latest theoretical and technological advances.

The 7th International Conference on Advanced Manufacturing and Materials (ICAMM 2023) will be held in Cambridge, UK from July 11 to 13, 2023. We look forward to your submission and participation.

Topics

Topics of interest for submission include, but are not limited to:

Materials

- Composite Materials
- New materials
- Materials Properties, Measuring Methods and Applications
- Superconducting materials and technology
- Nanotechnology, Nano-Materials and Nano-Composites
- Smart Materials

Manufacturing

- Materials Manufacturing and Processing Casting,
- Powder Metallurgy Welding,
- Heat Treatment Thin & Thick Coatings
- Surface Treatment, Machining
- Vibration, Noise Analysis and Control

Conference Committees

Conference Chairs

Prof. Alexander M. Korsunsky,
Vice President, Trinity College,
University of Oxford, UK

Prof. Yuyuan Zhao
University of Liverpool, UK

Program Chairs

Prof. Anja Pfennig, HTW-Berlin University of Applied Sciences, Germany
Assoc. Prof. Christèle Jaillet, CRPP-CNRS University of Bordeaux, France

Important Days:

Submission Deadline: February 25, 2023

Notification Date: March 20, 2023

Registration Due:

April 5, 2023

Submission Method:

1. To submit your paper through Email: icamm@cbees.net
2. To submit your paper through the electronic system:
